

**INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
OFFICE OF AIR QUALITY
Construction Checklist
Application Form Checklist**

Company Name:		Plant ID:	
----------------------	--	------------------	--

Check the appropriate box indicating whether or not each application form is **Applicable (A)** or **Not Applicable (N/A)** to the source's process operations. In order to reduce paper volume, the Office of Air Management requests that only those forms pertinent to the permit application be submitted. If neither box is checked, this will halt or prolong the construction permit review process.
